## Has anyone tried Mountain House Restaurant?

This is one of my favorite restaurants for "authentic" mountain food. It's only open for breakfast and lunch and feels a bit like an old diner on the inside, but the food is great.

I had the real name of the restaurant incorrect. The real name is Mountain Lodge Restaurant. It is located at 913 East parkway(US-321), on the left if you are headed away from downtown Gatlinburg. It is a small restaurant located across the street from BT&T bank. It is about 1 mile pass the first traffic light on 321 and 500 feet before the second traffic light on 321.
